Carl R. Ellinger, Superintendent

August 15, 2012

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2011-2012 educational progress for the Midland Public Schools. The AER addresses the complex reporting information required by Federal and some requirements of State laws; however, our staff is available to help you understand this information. Please contact Dr. Kathleen Ellison, Associate Superintendent Curriculum/Instruction and Staff Development at ellisonks@mps.k12.mi.us or (989) 923-5023 for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site www.mps.k12.mi.us/annual-report or you may review a copy in the principal's office at your child's school.

The report contains the following information:

Student Assessment Data – Michigan Educational Assessment Program (MEAP), Michigan Merit Exam (MME), and Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students
- Provides achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) for students with significant disabilities (MI-Access or MEAP-Access) compared to targets for all students with disabilities as well as subgroups of students
- Helps readers understand achievement progress within schools and compare these to district and State achievement

Adequate Yearly Progress (AYP) – Detail Data and Status

Information used to rank schools and determine AYP is based on the development of the Top to Bottom list of schools and their performance. Each school's ranking will be based on student achievement, student growth over time, school improvement over time and achievement gaps across all five tested subjects (mathematics, reading, science, social studies and writing).

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8
- Cannot be compared with MEAP results for grades 4 and 8 because there are no national standards

For 2011-2012, Midland Public Schools, as a District, did not make Adequate Yearly Progress (AYP), however, all of our school buildings did achieve AYP. With all buildings achieving “building AYP” you may ask, why didn’t the district? The answer is that our “Students with Disabilities”, district-wide, didn’t make AYP in our math & reading scores and multi-year graduation rate improvement level. We are actively working to address the district issues by aligning educational programs to meet individual student needs to improve educational outcomes of all students in the district.

Some of our schools are Focus Schools. Below you will find a list of these schools and a summary of the actions underway to improve. The principal has a letter and school specific AER that will help answer your questions. These are also posted on the district and school web sites.

School Name	Status (Priority, Focus or No AYP)	Reason(s) for not making AYP	Key actions underway to address the Issues
Chestnut Hill Elementary	Focus	n/a	Review all school improvement plans to determine which strategies need to be changed or modified to address the achievement. Review other data to see if there is any other diagnostic information which points to a need for change.
Siebert Elementary	Focus	n/a	
Woodcrest Elementary	Focus	n/a	
Jefferson Middle School	Focus	n/a	
Northeast Middle School	Focus	n/a	

Midland Public Schools is proud of the following schools that have been identified as Reward Schools based on the top 5% of the Top to Bottom ranking based on the following criteria:

- Student Achievement Proficiency
- Growth in Student Achievement

Reward School Names
Adams Elementary School
Plymouth Elementary School

Midland Public Schools' students have had a long history of strong academic success. It is my pleasure to report that this historical trend continued during the 2011-12 school year. Our students are to be commended for the passion and excitement they bring to the classroom and congratulated for their high academic achievement. We all realize students don't achieve these great accomplishments without the large and varied team who work incredibly hard to bring about student success—parents, community and an extremely dedicated teaching, administrative and support staff.

We look forward to an exciting future as we work together to provide our students with a dynamic world class education as they seek to gain the skills and education necessary to be successful in the ever-changing 21st Century workplace.

Sincerely,

Carl R. Ellinger Superintendent
